Term 2: 24 Apr - 23 Jun 2023

Term 3: 10 Jul - 15 Sep 2023

Term 4: 02 Oct - 20 Dec 2023

PRINCIPAL'S REPORT

Acknowledgement

We acknowledge the Wergaia peoples as the traditional custodians of the lands upon which Tyrrell College is situated. We pay our respects to their elders – past, present, and emerging – and we acknowledge their deep care of the lands we live on. We also acknowledge that for tens of thousands of years our First Nation's peoples have engaged in – and passed on – excellent teaching and learning practices on the spaces upon which our community members learn today.

Dear Students and Families,

Happy Holidays!

Thanks again to everyone, who assisted with another successful term at Tyrrell College. Term one concludes this Thursday at 2:30pm. Monday the 24th of April is a Pupil Free Day and Tuesday the 25th is the ANZAC Day public holiday. We trust that everyone will be able to relax and do what brings you contentment in anticipation of another school term of rich learning opportunities. If you are travelling over the holidays, please take care and we look forward to having all students return on Wednesday the 26th of April.

Staffing Update

While we strive to recruit and retain high quality team of teachers, to provide stability for our students, sometimes it feels like a revolving door with staff departing and arriving.

We unfortunately say farewell to two of our newly arrived staff members: Miss Erin Buttimer has accepted a position at Peter Lalor Secondary College and Ms Cecilia Fresle will commence at Horsham West and Haven Primary School, as a classroom teacher. They

will both begin their new positions next term. On behalf of the Tyrrell College school community, I would like to thank them for the compassion shown to their students and the new ideas and opportunities they brought to our school.

Miss Ashlen Wright has let us know that she will taking a years leave to work in Queensland, next school year. If you know of anyone who may be interested in an Agriculture or Horticulture teaching position or wishing to become a teacher in this area, please let us know so we can continue to grow the program.

We've been very fortunate to secure, at short notice, a highly experienced secondary teacher, Julie Rovere who will commence, in week three next term. Graham Williams has kindly taken up the opportunity of teaching Miss Buttimer's Year 9 and 10 English classes in addition to his other classes. In the Office, Kris Milburn will return from leave, on a part time basis and add to the strength of our administration team.

Alan Coffey

Work Placement

Nicholas Pearce

Nicholas has been enjoying an SWL Placement at the Sea Lake & District Co-op Hardware Store since 2022. Nick enjoys being and working as part of a team. Nicholas has gained great confidence and enjoys being able to deliver great customer service. Nicholas is currently learning the register and computer system, stocktake will be the main focus or next few weeks.

Nick Pearce

Hannah Whitby

Hannah has been enjoying an SWL Placement with Mallee Track Early Learning centre since 2022. Hannah experiences time in both the junior and senior rooms. Outdoor play and watching children use their imagination is a real highlight. Hannah is currently studying a certificate in Early Childhood and hopes to secure an employment opportunity with Mallee Track Health, Sea Lake.

Billy McClelland

Billy McClelland

Undertaking an SWL Placement at Haeuslers Group, Sea Lake each Wednesday in the workshop as a Diesel Mechanic. Billy really likes the practical experience he is being offered and enjoys the new skills he is learning along the way. This opportunity has allowed Billy to gain a deeper understanding of the industry and operational tasks involved in the day-to-day operations of a heavy vehicle workshop.

Hannah Whitby

Jay Rohleder

Currently undertaking an SWL Placement at the Bottom Cafe Sea Lake, Jay's duties include stock rotation, cleaning, customer service. Jay enjoys working and always presents with a smile. he will continue his placement in Term 2 focusing on Barista and food prep.

Jay Rohleder

Natarsha Hickey – Careers Co-ordinator

Work Placement

Jet Newick

Jet Newick

Currently undertaking an SWL Placement on Tuesdays with Jason Coles and Stephen Newick as a Diesel Mechanic.

Jet will gain an understanding of basic diesel mechanics and repair tasks/techniques whilst under close supervision.

Jet will learn the importance of working as part of a team as well as independently. Jet is looking to pursue a career as a Diesel Mechanic.

Sam Harker

Sam has been enjoying an SWL Placement at Haeuslers, Sea Lake in the Parts Department. Sam is located at the front desk and is the friendly face customers see when they first walk in. Sam is learning the importance of a strong working relationship between the parts and workshop departments. Sam is looking forward to continuing his placement into Term 2.

Sam Harker

Awesome!

Paige Manton

Paige Manton

Paige is undertaking an SWL Placement at the Sea Lake and District Health Service Op-Shop. Paige has been enjoying her community engagement, helping and meeting new people. Paige's duties include cleaning, sorting stock, packing and unpacking. Paige will continue her placement in Term 2 with a focus on gaining confidence in customer service.

Natarsha Hickey – Careers Co-ordinator

DIGITAL TECHNOLOGIES

In Digital Technologies classes, primary students are learning about what's inside a computer. Last week, students in Year 1/2 made mini laptops, placing components such as CPUs, GPUs, RAM, ROM and hard drives in place under the keyboards.

Students in Foundation learnt about what's inside a Blue-Bot (robot) and had fun programming them to use the courses on the floor in Room 1.

Whats happening in Humanities?

In Year 8 Humanities, students have been learning about Medieval Europe, with focus on The Black Death. As their Assessment Task they created a board game based on one of the following topics:

- How the Feudal system worked.
- Daily life of a peasant
- Crime and punishment
- Warfare
- Knights/Castles
- Black Death.

Students chose their groups, researched the topic, they then cleverly created their board games such as: Cards against the Monarchy, based off the game Cards against Humanity, the Life of a Peasant, based off the Game of Life and Medieval Europe Monopoly.

We hope to share our games with Year 7 next week.

By Darcey Hodgson

FIRE DRILL

On Tuesday this week we had our first Fire Drill for the term. Everything ran smoothly and all the students stayed calm and were very well behaved. These drills help us to identify areas of improvement that we can work on for the next fire drill and, in case of an emergency, an actual fire. Well done to all staff and students involved.

HOME ECONOMICS

Year 7 students enjoyed making Hot Cross Buns in Home Economics last Friday. The buns smelled delicious and tasted pretty good, too! Some looked quite professional. Well done, Year 7.

P&F EASTER HAMPER WINNERS

Congratulations to.....

1st prize- Sienna Allan

2nd prize- Nathan Wight

3rd prize- Cooper Kelly

Thanks to Mr Coffey for drawing the raffle at assembly on Friday.
Also a huge thank you for all the Easter egg donations and to those parents and students who sold raffle tickets. We appreciate your support.

HAPPY BIRTHDAY!

Happy Birthday to the following students who celebrated a birthday this week:

April 1: Tehlia Puzey-Chalmers

April 3: Phoebe Bailey

Lots of rain and warmer weather are the perfect breeding conditions for mosquitoes (mozzies).

DON'T WING IT WITH MOSQUITOES

DON'T WING IT WITH MOSQUITOES

This can mean more mozzies and an increased risk of the diseases they carry like Barmah Forest virus, Ross River virus, Japanese encephalitis and Murray Valley encephalitis.

The best protection against mosquitoes carrying diseases is to avoid bites in the first place.

For more information on how you can protect yourself against mozzie bites and mosquito-borne diseases, visit www.betterhealth.vic.gov.au/protect-yourself-mosquito-borne-disease.

To receive this document in another format please email pph.communications@dhhs.vic.gov.au.

How to protect yourself and your family from mosquitoes carrying diseases.

How to protect yourself from mozzie bites

Use mosquito repellent, containing either picaridin or DEET on all exposed skin.

Wear long, loose-fitting, light-coloured clothes to cover your skin, as well as closed shoes with socks. Mosquitoes can bite through tight clothing.

Try to limit outdoor activity if lots of mosquitoes are about.

Remove stagnant water from around your home to prevent mosquito breeding.

Mosquito coils can also be effective in small outdoor areas where you gather to sit or eat.

Use fast acting fly sprays and plug-in repellent devices indoors.

Sleep under a mosquito net if you are not protected by insect screens.

Prevent mosquitoes from getting inside by using fly screens on windows and doors.

Choosing mosquito repellent

Repellents come in lotions, gels, aerosols and pump sprays. Repellents containing picaridin or DEET (Diethyltoluamide) are the most effective. For most people, products with 10 to 20% concentration are protective. Repellent concentration relates to longevity, not effectiveness. Therefore choose the lowest concentration for your needs, and reapply as required. For most people, 10-20% is suitable.

Using mosquito repellent

Like sunscreen, mosquito repellent is only effective if applied to all exposed skin. Aim to apply a thin, even layer to all exposed skin.

It is important to reapply, especially after swimming or sweating as repellents are not water resistant.

Be careful to avoid your eyes and mouth when applying, and don't let young children apply their own repellent.

DEET can damage plastics, such as gore-tex and watchbands. Switch to picaridin if this is a concern.

For kids, use a roll-on or spray repellent onto your hands and then apply to their skin. Follow the instructions on the label.

Clean up around your home

Mozzies love to breed in stagnant water. Reduce pools of water in and around backyards where you can.

Clean up by removing even small pools of water in old tyres, pot plant trays, buckets, and trailers.

Empty and replace water in bird baths, pet drinking bowls and water features at least once a week.

Cut back long grass, shrubs and bushes.

Keep your gutters and swimming pools clean.

Check water tanks are sealed and fitted with mosquito-proof screens and/or flap valves on every opening, including overflows.
