Purpose Statement & Values

To provide a safe, positive and challenging environment where everyone aspires to aim high and become responsible, caring and contributing community members.

Respect

Responsibility

Honesty

Aim High

Term Dates

Term 1: 30 Jan - 06 Apr 2023

Term 2: 24 Apr - 23 Jun 2023

Term 3: 10 Jul - 15 Sep 2023

Term 4: 02 Oct - 20 Dec 2023

PRINCIPAL'S REPORT

Acknowledgement

We acknowledge the Wergaia peoples as the traditional custodians of the lands upon which Tyrrell College is situated. We pay our respects to their elders – past, present, and emerging – and we acknowledge their deep care of the lands we live on. We also acknowledge that for tens of thousands of years our First Nation's peoples have engaged in – and passed on – excellent teaching and learning practices on the spaces upon which our community members learn today.

Dear Students and Families,

Congratulations!

It is that time of year when the Year Twelve students are coming to the end of their secondary school education. We wish all twelve students all of the best for their final weeks of classes before the examination period commences. There are a number of celebratory events coming up during the next fortnight where we will have the opportunity to congratulate them on what they have achieved so far and urge them to achieve their best for the remainder of the year.

Special Upcoming Events

Next week will allow us to celebrate the culmination of the year's work for two programs.

On Wednesday, the First Harvest Lunch will recognise the successful installation and introduction of the Food Ladder food growing system. Installation preparations for the Food Ladder hydroponic and climate controlled green house commenced in April and the students have been able to grow crops since the green house was completed in June. The Food Ladder has also provided the students access to healthy food, important life skills, increased health and nutrition, and education and career pathway outcomes. Thank you to teacher, Ashlen Wright, for gaining a grant to support the program and bringing this opportunity to Tyrrell College.

On Friday, Talent at Tyrrell will provide the students studying music this year with the opportunity to showcase their talent in front of a large audience. It is fantastic that our students have access to this program, and we thank music instructor, Greg Knight, and our staff member, Damien Leo, for

providing this experience for the students.

Extended Coffey Break

I want to thank everyone for their ideas, encouragement and work in supporting me as the Acting Principal over the last 12 months. Everyone has been so welcoming and willing to assist that it made my decision to apply for the substantive principal role amazingly easy.

I feel honoured and privileged to be appointed to the Principal position at Tyrrell College and look forward to working with you in continuing to provide the best opportunities for the young people in our care.

In Term 3 next year, we will undertake the significant work in reviewing the College's achievements since 2021 and setting the course for the next four years.

If, at any time you discover an idea, program or opportunity which you believe will be valuable for the school, please let us know.

Once again thank you for the friendly Tyrrell College welcome.

Another Farewell and Thank You

There is something in the water! This week, we once again farewell another of our Wellbeing Team! This term, Jess Cova is commencing her final placement to complete her nursing qualification so is unfortunately finishing her wellbeing role with us on Thursday 19 October. We wish Jess all of the best with her new career and thank her for her service at the College.

Alan Coffey

Principal

SUMMER UNIFORM

A reminder that in Terms 1 and 4 students are to wear the summer uniform. If your child is out-of-uniform for any reason, they must bring a note from home in their diary. Please call the Front Office for more information on the uniform policy.

School bucket hats are available to order from the Front Office for \$15.

RUOK?™

A conversation could change a life.

The Tyrrell College Year 9 CLIP students travelled to Birchip P-12 school on Wednesday September 13 to promote the R U OK? Day message by baking and decorating a variety of yellow treats under the expert guidance of Kristy Knights.

The students paired up with someone from the opposite school and were super busy throughout the day, cooking and icing 180 cupcakes, making 8 lemon slices, 8 zucchini slices and making and decorating biscuits.

On the Thursday, staff and students from both schools enjoyed their treats at school while participating in R U OK? activities. This program was supported as part of the Youth Fest 2023 and thank you to Kristy Knights, Kellie Matthews, Simone Chrisite and Sasha Salzano for their involvement.

Footy Colours/Jeans for Genes Day

On September 15 our SRC representatives organised for the students to celebrate their last day of Term 3 with a 'Footy colours and Jeans for Genes' day. All students from Foundation to Year 12 came dressed in an amazing array of football team colours and denim. All while donating a gold coin to a fantastic cause. They had a fun-filled day. Many thanks to the SRC students and Ms Cook for facilitating the event. This was Dude, Tasha and Tom's last SRC event that we help to organize as we finish school in a few short weeks. We would like to thank Ms Cook for all of her support this year. Best wishes to next years representatives.

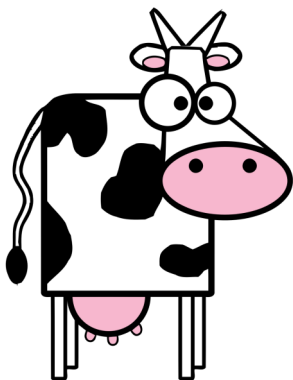

Dude Kelly (SRC President) & Tasha Bailey (SRC Secretary)

BETHUNE LANE DAIRY

On Tuesday September 12 the VCE Ag/Hort and Year 9 Farm Production students travelled to Bethune Lane Dairy at Lake Boga to learn more about the dairy industry and what is involved. The students got to explore the calving shed upon arrival and even got to help catch some calves that had escaped overnight! We then drove to the dairy where Sally showed us around the equipment used to milk up to 100 cows at a time, and the vats (where the milk is stored). We would like to thank Miss Wright and Mrs Plant for driving us there and Sally and everyone at the Dairy for showing us around.

Charlie Mitchell (on behalf of the VCE Ag and Year 9 Farm students)

HAPPY BIRTHDAY!

Happy Birthday to the following students who have celebrated birthdays during the school holidays and those students who are also celebrating this week:

September 19-

Bonnie Allan

September 20-

Bryn Allan

Darcey Manley

September 24-

Mia Elliot

Billy McClelland

September 25-

Will Henderson

Seth Halliday

Darcey Hodgson

September 30-

Will Conlan

October 1-

Faith Golosino

Jackson Smythe-Evans

October 2-

Tye Griffiths

October 4-

Evie Gallagher

October 5-

Dayna McKenzie

Jet Newick

Congratulations

Congratulations to Mrs Simone Summerhayes and husband Tom on the arrival of beautiful Ava Joan Summerhayes. Born on the 1st of October. A gorgeous little sister for Baden and Harvey. We wish you all the best with your little girl.

2024 Year 12 Jumper Fundraising

Our 2024 Year 12 students are holding a fundraising BBQ prior to the Talent at Tyrrell event at 12.30pm on October 13th at the Sea Lake and Community Complex. The following items will be for sale for the students to purchase:

- Snags- \$3.00
- Snag with onion or coleslaw - \$3.50
- Marinated Chicken steak- \$6.00
- Water - \$2.00

We appreciate your support!

Be Sun Smart in Term 4

With the coming of Term 4 our Sunsmart Policy comes into action. This means School Bucket hats need to be worn at all times when outdoors and are part of the school uniform and are in our school color of green. If you don't currently have a bucket hat please contact the Front Office to arrange one. Cost is \$15 and they are embroidered with your child's name to prevent them from becoming lost. Baseball/peak caps are not suitable. Sunscreen is supplied by the school for outside activities (current supply is Nivea and Pharmacy's own brand but can vary to other brands)

If your child has an allergy or sensitivity to any sunscreens you are welcome to supply some of a brand of your own choosing to be kept at school for your child exclusive use. If sending in an individual supply for your child, please label clearly and put a note in your child's diary or ring the front office to let staff know so it can be noted.

HEADLICE

Remember that school holidays are a peak time for headlice to visit, when children come into close contact with others and when travelling for holidays and meeting new people.

Please remember to do a headlice check on your child's hair.

Headlice are very active critters and can move in at anytime, they can lay over 50 eggs in the span of a week. Within 7-10 days these eggs hatch and new hatchlings are capable of laying eggs themselves within 16 days. So you can see why regular

checking is recommended, don't wait until you notice your child scratching their head (not all children will scratch) but if they are please investigate and stay vigilant. If you need help or want more information about detecting and treating headlice, please don't hesitate to contact Carol Elliott (sec school nurse) at the school.

Silly Scientist Performance

'Children will view a performance designed to entertain students with comedy and singing, whilst highlighting many aspects of Science. With a unique blend of Science, The Arts, and a few magic tricks and illusions thrown in, "The Silly Scientist Show" is an engaging and educational experience for your students.'

There is no cost to parents. All Primary students will be able to view the performance on Friday, October 13.

Performance to take place in the Primary Gallery Area starting at 9.45am for a 55 minute performance.

The Silly Scientist

Dear Facilitator,

Thank you for your interest in the *Educational Incursions* performance **The Silly Scientist**.

Our Program

STEM

We promote a cross disciplinary approach to the teaching of STEM disciplines.

The Silly Scientist Show is an interactive performance which aims to promote positive attitudes to participating in Science related activities. Our aim is to promote and highlight the 'everyday' accessibility of Science in students' everyday lives.

Children will view a performance designed to entertain students with comedy and singing, whilst highlighting many aspects of Science. With a unique blend of Science, The Arts, and a few magic tricks and illusions thrown in, "The Silly Scientist Show" is an engaging and educational experience for your students.

During the performance, our presenters demonstrate fun and exciting Science activities from the Science Understanding Strands of the F-10 Australian Curriculum Science including:

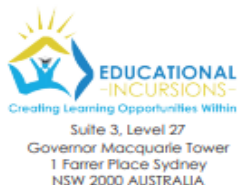

- Biological Sciences,
- Chemical Sciences,
- Earth and Space Sciences and
- Physical Sciences.

The Silly Scientist Show also aims to foster in children an excitement for learning about Science.

Each skit, song and Science experiment in "The Silly Scientist Show" is interactive. The students in the audience are included in and actively participate in each component of the show. As a result, engagement with the show is very high from each individual child.

Throughout the show the presenters model an appropriate and inclusive attitude to Science in order to break down traditional stereotypes and attitudes to Science. (ie Science is boring, or Science is for "nerds" and also addresses gender bias)

Thank you for considering "The Silly Scientist Show" for your students. We look forward to supporting your school Science curriculum.
